REMOVE PROVISIONAL DISTRICT CLASSIFICATION

Whereas, In the history of The Wesleyan Church since its beginning in 1968, the Church has seldom used more than one classification at a time to indicate a district in the process of becoming fully established; and

Whereas, The classification of developing district is adequate to ensure recognition of a district in process;

Resolved, That paragraphs 1020-1034 be removed from *The Discipline*; and

Resolved, That the General Conference Editing Committee be authorized to remove all references to provisional districts from *The Discipline*, and to make such other edits as necessary to bring *The Discipline* into conformity with this action.
